

# Cognitive Wellness Clinic

## Neuropsychological Assessments

Second Tuesday of each month | 9 am–5 pm | *Open to the public*

Are you or a loved one's cognitive skills showing signs of impairment? **Get answers.**

Central Baptist Village, in partnership with the Chicago Center for Cognitive Wellness, offers clinical neuropsychological testing of thinking skills (memory and attention, language, executive function and information processing) to diagnose mild cognitive deficits.

- Testing and analysis by neuropsychologists
- Comprehensive, clinical diagnosis of cognitive impairment and dementia
- Recommendations for treatment and rehabilitation
- Fees covered by most insurance

***By Appointment Only***
