

The Terrace

The Terrace is designed for a carefree lifestyle in a comfortable, home-like atmosphere where individual freedoms are respected. The Terrace offers a success-oriented setting where independence and safety are the benchmarks. Assistance is provided when desired or as needed, when physical or memory changes occur.

Our professionals work together with the family, sharing information and approaches to best serve the individual needs of each resident. They provide daily supervision and support during times of change. Apartments are semi-furnished with private bathrooms, several sitting lounges on each floor, a three-season porch, and a private and secure courtyard.
